

Speaking session submission application

Presentation Title: Aquatic Team Building

This session will provide:

Having our aquatic staff work together for the entire season or year can definitely be challenging to say the least. The Aquatic Team Building session is dedicated to providing you with the tools needed to get your aquatic staff to work together throughout the year or season. There are tips and hints given as well as some examples of team building activities to do with your staff throughout your season or year. This session will enable you to get your staff excited about what they are doing and be able to work together throughout the entire season or year. Bring your creativity to this session as we will be sharing tips and hints on how to get those staff to work successfully together.

The key elements that will be presented include the following (provide 3):

1. Insight into why it can be difficult to get out staff to work successfully together in a lifeguarding and aquatic setting.
2. Learn how to use activities to energize your staff throughout the entire season.
3. Learn the importance of enhancing your staff activities to get them to better understand each other.

Presenters:

Juliene R Hefter, Owner, Safety First Aquatics, LLC
